FALL PLANTING TIME IS HERE AGAIN.

The first part of this, our Fall Planting List, contains plants which we consider to be outstanding, each in its own way. A Rock Garden using these plants would have great variety, much color, and much satisfaction.

The second part of the list is our annual Bargain Counter offer. These are plants we are over-stocked with. They are also good plants in every way, and are being offered at low prices because they are easy to propagate, and we have a temporary surplus of them.

Shipments will be made as soon as possible after receiving your order. Terms are CASH WITH ORDER, and please make checks and money orders out to MITCHELL NURSERIES.

Parcel Post is cheaper than Express, but slower, unless sent Special Delivery. Please state how you want your plants shipped. If by Parcel Post, please add 10% of the value of the order, and another 10% if you wish them sent Special Delivery. Any postage money due you will be refunded.

PLEASE list a few substitutes so that we can be sure to fill your order in full.

This sale closes October 15, and any order received after that date may not be shipped until next April.

Plants marked with an asterisk (*) are potted, all others are field-grown, equally good.

AETHIONEMA iberidium gives a mount of white early in the spring. Foliage is attractive. 50¢ each, 3 for $1.25.

AETHIONEMA Warley's Rose is an extremely attractive plant. Pink flowers for months over dark low foliage. 75¢ each.
